

Colin Tipping

Colin Tipping is the creator of what has come to be recognized as one of the most powerful leading-edge technologies for personal and spiritual growth today — **Radical Forgiveness**.

As the author of *Radical Forgiveness: A Revolutionary Five Stage Process*, Colin is the acknowledged authority on the application of this technology to the “healing” of individuals, families, races, corporations, and communities.

He is an award-winning author and leads workshops around the world. He is now using a similar technology to help people create the life they want through a process called **RADICAL Manifestation**.

His workshops are renowned as life-changing experiences and he is increasingly in demand as a keynote speaker at expos and conferences. Those who have praised his work include John Bradshaw, Mark Victor Hanson, Caroline Myss, Neale Donald Walsch and Gregg Braden.

Personal Background

Colin was born Sept 30th 1941, in England. He was educated at London University and Middlesex Polytechnic. After serving in the Royal Air Force for four years, he became a college lecturer in the Education faculty at London University. He was there for ten years prior to emigrating to the U.S. in 1984. He has three children and ten grandchildren all living in the UK.

The Work of Colin Tipping

In 1993, with his American born wife, JoAnn, he co-founded the Georgia CancerHelp Program and Together-We-Heal, Inc., a 501-c-3, non-profit corporation dedicated to emotional and spiritual healing. They ran cancer retreats in the North GA mountains for five years from 1993 to 1998. Radical Forgiveness was a big part of their program.

In 2000, he founded the Institute for Radical Forgiveness Therapy and Coaching, Inc., based in Atlanta, Georgia. The purpose of the Institute was to train people in the skills and practice of Radical Forgiveness Therapy and Coaching. It still continues today. Beginning in 2007, the Institute now also provides certification training programs for facilitators of Tipping's One-Day Radical Manifestation workshop.

The main characteristic of his work is a practical spirituality that is simple, honest, straight-forward and unpretentious. The bedrock theme running through all his work is that there is divine purpose in everything and that everything that occurs, happens not TO us but FOR us. Therefore, at the spiritual level, there is nothing to forgive. This is the essence of his Radical Forgiveness work and is the thread that runs through everything. It is an optimistic form of spirituality which is essentially free from judgment, blame, resentment, guilt and fear.
